

Hi! I'm ChurchFocus. I can help you find a church that fits — for you or for someone you're helping. Where are you starting from? A town, ZIP code, or a place like a college works.

My in-laws live at 1122 Bonnie Lane in Madison Wisconsin. I need to help them find a new church.

I'll look near 1122 Bonnie Lane in Madison for your in-laws. What matters most for their next church—denomination or tradition, worship style, sermon approach, accessibility, or anything they want to avoid?

Let's go for a conservative theology with hymns.

Got it—I'll prioritize hymn singing. When you say "conservative theology," which matters most to them: a high view of biblical authority, traditional teaching on social/moral questions, or something else?
